With Bruce Whitman

The Dauphin Chapter of Trout Unlimited is forming a junior organization. The group is open to any youth, 18 or younger, who is interested in preserving, protecting and enhancing the cold water fishery of Pennsylvania in general and Dauphin County in particular.

The organization will be separate from the parent TU group and will have an advisor.

Those interested in joining should contact Mike Burrell at 545-6483 or Mel Gochenaur at 652-2276.

Joe Humphreys, predecessor to George Harvey at Penn State, will be the featured speaker tomorrow night at a meeting of the Dauphin County Anglers and Conservationists.
